ROCKET MAN M3001 CAN PAK

B) What is included

Each Can Pak Backpack Drink Dispenser (#item 3001) comes with the following:

- ❖ Insulated backpack cover with padded shoulder straps, hip belt & lower back support.
- ❖ Sign compartment

C) Accessories

Ref. # 1209 CUP DISPENSER

D) Fitting CanPak

1. Release fasteners on chest strap and hip belt on front of CanPak.
2. Put on empty CanPak by sliding arms through shoulder straps.
3. Adjust shoulder straps according to height and comfort.
4. Attach hip belt fastener and adjust strap for comfort.
5. Attach chest strap fastener and adjust strap for comfort.
6. Tuck under excess straps.
7. Weight should be on hips and shoulder straps balancing the load.
8. Dismont backpack in order to follow loading procedures (all straps should be securely tightened to maximize overall comfort and design).

E) Preparation of beverage

1. Pre-chill the PET bottles or CANS by placing them in a refrigerator or ice tube.
2. Once the PET bottles or CANS reach the desired serving temperature they are ready to be loaded into **CanPAK M 3001**.

ROCKET MAN M3001 CAN PAK

F) Loading the Equipment

1. For ease of mounting CanPak on back, place on table prior to loading.
2. If sign is not attached lay sign across back of Pak, place clear cover and secure with Velcro stripping.
3. The 20 oz. PET bottle (591,17 ml) is the most widely used item for CanPak.
4. Pull back the insulated hood (cover with Velcro) and place PET bottles or CANS into each of the compartments.
5. Secure hood by attaching Velcro strips.
6. All bottles or cans should face forward in the same direction for ease of dispensing.
7. Place CanPak on back according to guidelines under Fitting of PaK (2).

G) Serving of beverage

To dispense PET bottles or CANS, simply reach for opening on side of CanPak, grasping the neck of the bottle or can, turning beverage sideways (45 degrees angle) and pulling straight out.

H) Troubleshooting

1. If needed adjust hip and shoulder straps to balance the load.
2. Weight may be reduced by placing lower quantities of bottles or cans in Pak.
3. If sign display becomes misshapen or crushed, insert hand through slotted opening at base of Pak and smooth out affected areas.

F) Warranty

❖ Full Three Year Warranty On All Components

- ❖ From the date of purchase.
- ❖ *Rocket Man Equipment Company* will repair or replace any component, free of charge, if defective in material or workmanship.
- ❖ Repairs necessitated by normal wear, accident, improper care or negligence, are not covered under this guarantee, and products returned under these conditions will be repaired or replaced for a reasonable charge.
- ❖ Warranty registration is not necessary to receive the privileges of the Warranty.
